Charitable Pharmacy of Hope Clinic – Acknowledgement, Consent and Release

With the exception of certain limited circumstances, it is the policy of Hope Clinic not to release personal information about you or your family without the written consent of the individual or the family. Therefore, we need your written consent to share your information in order to provide services to you and/or your family in the most expeditious and least cumbersome manner:

Information & Use: I hereby authorize Hope Clinic to share any of my information, including but not limited to my name, address, and other personal information, with other medical facilities, social service organizations, and/or pharmaceutical manufacturers participating in my care in order to coordinate services. I also authorize Hope Clinic to enter my personal information into a secure database for statistical purposes. All other information will remain confidential.

Terms of Consent: I understand that this consent is authorized for 365 days (12 months) from the date signed below, and that I may revoke this consent by submitting a request in writing to Hope Clinic at any time except when action has already been taken to obtain and/or release such information. My signature on this release indicates I have read the above, or have had it read to me, and that I understand the terms and conditions. I have also had the opportunity to ask any questions. If applicable, I am also signing this release on behalf of my children that are under the age of eighteen (18).

Collaborative Practice: I understand that the Charitable Pharmacy of Hope Clinic may enter into a collaborative practice agreement with my physician for the purpose of managing my drug therapy. As allowed by the state of Ohio (pursuant to ORC4729.39) and my physician, I consent to allow pharmacists to manage my drug therapy when appropriate as indicated by my signature below. I understand my right to opt out of this program at any time by providing withdrawal of consent in writing.

Non Child-Resistant Containers: I acknowledge that Hope Clinic may dispense prescription medications in containers that are not child-resistant based on available supplies.

Drug Repository: Hope Clinic has created a Drug Repository that allows the dispensing of medications that were donated from Long-Term Care facilities. Your signature on this form means that you understand that, if you receive medications from this Drug Repository, neither the drug manufacturers nor the donors nor the recipient is responsible for any harm that is caused related to the donation, acceptance, or dispensing of these medications. I understand the immunity provisions of the Drug Repository Program pursuant to Ohio Revised Code section 3715.872 paragraph (B), which apply to drug manufacturers, donors, and recipients. The immunity provisions state that none of these parties shall be “subject to any of the following for matters related to donation, accepting, or dispensing drugs under the program: criminal prosecution; liability in tort or other civil action for injury, death, or loss to person or property; or professional disciplinary action.”

Donation of Unused Medications: I understand that I am not permitted to donate or return any medication once it has been removed from a pharmacist’s supervision. If medication from a Drug Manufacturer Patient Assistance Program is mailed to the pharmacy in my name, and I choose not to utilize this medication either from a doctor’s discontinuation order or my departure from the Charitable Pharmacy program, I agree to donate any such medication to Hope Clinic for the purpose of helping another person in need. I authorize a Hope Clinic representative to complete any Patient Assistant Program application on my behalf.

Attestation of Eligibility Determination: I acknowledge that the information concerning eligibility has been explained to me, and I verify the above information is true. I also understand that I have been certified for the time period listed above. I will report any changes of my insurance status or significant change in income to Hope Clinic immediately. If I have been deemed eligible for Patient Assistance Programs, I hereby authorize Hope Clinic to share any of my information, including prescription records, with the programs for which I qualify, and their designee(s), in order to coordinate services. I understand that I may revoke this consent at any time if done so in writing except when action has already been taken to obtain and/or release such information. My signature on this release indicates that I have read the above, or have had it read to me, and that I understand the terms and conditions. I have also had the opportunity to ask any questions. If applicable, I am signing this release on behalf of my children that are under the age of eighteen (18). If I, the signer, am not the patient, I certify that I have been authorized by the patient to sign this waiver.

Attestation of Accuracy: I attest that the information I have reported in these certification documents is accurate to the best of my ability.
