

## *Celebrating Dr. Jennifer Allen*

### **2020 Free Clinic Community Volunteer of the Year**

For 28 years Ross and surrounding counties enjoyed the wonderful care Dr. Allen gave her patients at the pediatric office of Drs. Smith, Fleischer, Ater and Allen (currently Chillicothe Pediatrics). In 2008 Jennifer had a heart transplant and was unable to return to her practice. Her passion for medicine and people has continued to be a blessing to the community through her volunteer service to Hope Clinic of Ross County.

As part of the founding team for the clinic, Jennifer has served in many capacities and currently holds the position as Chairman of the Board. She writes grants, serves on the fundraising team, is a liaison for other community agencies and uses her medical expertise to ensure the care given at Hope Clinic is top notch.

Jennifer's commitment to offering great medical care to our community has earned her the award of (Ohio) Free Clinic Community Volunteer of the Year and we couldn't be more proud! Ross County is in good hands with Jennifer's caring heart and her desire to serve. Congratulations, Jennifer! You are much loved and appreciated!
